

## WHEELCHAIR ACCESSIBLE

The Wheelchair accessible unit allows those with special needs to use the facilities comfortably and safely.

*"The ADA compliant portable toilet."*

Handrails, a wider doorway and an entrance ramp allow users full independence and ease of access. Despite the name, the Wheelchair accessible unit is also appropriate for those with walkers and is popular among parents with small children.

A standard service is performed once a week. Trained technicians clean the washroom, remove the waste and resupply the unit as required. Servicing can be scheduled more or less frequently to meet specific needs. All servicing performed on site is documented inside the unit for quality control. 24/7 emergency service is available.

### DIMENSIONS

- External 62" X 62" X 91"
- Weight 240lbs
- Waste capacity 33 gallons
