

SHOWER-6

Six private washrooms with showers, fully climate controlled and completely mobile.

Not only is the Shower 6 large enough to serve any event, but the amenities inside are enough to satisfy your most important guests.

"It impresses even the toughest critics."

Each of the six private rooms contains a shower and changing area. The changing area contains a toilet, sink, mirror and clothing hook. A well-appointed interior and a modern design come together to provide a refined experience.

A standard service is performed once a week. Trained technicians clean the washroom, remove the waste and resupply the unit as required. Servicing can be scheduled more or less frequently to meet specific needs. All servicing performed on site is documented inside the unit for quality control. 24/7 emergency service is available.
